Whistle Clean — Overnight Deep Research Package

Prepared overnight for Mauricio Romero (NavaX Technologies) · June 9, 2026 Subject: Whistle Clean — family-owned interior cleaning, San Antonio, TX

⚠️ READ FIRST — two reconciliations baked into this package:

- 1. Business type corrected to INTERIOR cleaning.** The source prompt described Whistle Clean as *exterior* (windows/pressure/gutters). Per the owner's own printed proposal and your confirmation on June 8, the real business is **interior cleaning** — apartment, office & laundry-room cleaning, touch-up, heavy/deep, and move-out/turnover. Every module is anchored on that. (The live website was already rebuilt to match.)
- 2. An online identity problem was discovered.** Live research found the *online* "Whistle Clean" presence (whistlecleansa.com, Thumbtack) reads as an **exterior windows/power-wash/painting** business "since 2016," owner listed as "**Daniel Shores,**" phone **(210) 316-9454** — none of which match the interior family proposal (Leo Romero, 20 years, 19179 Blanco Rd, 210-859-4422). **There appear to be overlapping/competing "Whistle Clean" identities in San Antonio.** This is the single most important thing to verify with Jose/Fabrizio this morning — see the Morning Briefing.

The package (read in this order)

File	Module	What it is
00-MORNING-BRIEFING.md	8	Start here. Executive summary, the big picture, this week's top 10, the "call Dad" script, NavaX case-study angle, quick-reference card.
01-digital-footprint-audit.md	1	Platform-by-platform scorecard + the identity/NAP problem + revenue-leak estimates
02-competitive-landscape.md	2	Top 5 SA competitors, the Molly Maid \$100K+/mo benchmark, SA pricing intelligence (you're underpriced 20–40%)
03-bottleneck-analysis.md	3	20 bottlenecks ranked, quick wins, big moves, total monthly leakage
04-market-opportunity.md	4	SA market size, the renter/turnover goldmine, top 10 property managers, target zips
05-90-day-plan.md	5	Week-by-week execution plan to \$10–15K MRR with owners + revenue impact
06-outreach-toolkit.md	6	Every script ready to send — reviews, reactivation, commercial, maintenance pitch, referral, HOA/PM, Nextdoor (all EN + ES)
07-financial-projections.md	7	Repricing table, recurring-plan economics, 12-month revenue projection

Legend used throughout: [JOSE/FABRIZIO ACTION] = family does it · [NAVAX] = NavaX handles · [COST: \$X/mo] = costs money. Dollar estimates show methodology and are labeled where modeled.

Sourcing note: competitor, market, and pricing figures come from live web research (June 2026) with source links in each module. Whistle Clean's own review counts / GBP status could not be verified by bot (Yelp/Angi/Google block scrapers) — those are flagged "verify manually."

Morning Briefing — Whistle Clean

Good morning, Mauricio. Here's everything, distilled. Full detail in Modules 1–7.

8A — Executive Summary (the 5 things that matter)

1. **The reputation is real and rare; the systems are missing.** 20 years, 5★ everywhere, a verified **4.9★ / 48 reviews / hired 50×** on Thumbtack — but it's all trapped on lead-gen platforms and 100% one-off jobs. The whole game is converting that reputation into **owned demand + recurring revenue**.
2. **You're underpriced 20–40%.** Repricing to *lower-than-market* (still cheaper than every competitor) adds **~\$1,500–\$2,000/mo with zero new clients**. Fastest dollar in the plan. The deep-clean add-on (+\$40) is the single most underpriced item — should be +\$100.
3. **The market is begging for what you do.** San Antonio is **48% renters with the highest apartment vacancy in the top-50 US markets** → 100,000+ lease turns/year. **Property-manager turn-cleaning contracts are the accelerator to \$10–15K MRR** (Embrey, LYND, SYLIS, Liberty are SA-HQ warm targets).
4. 🚨 **There's an identity problem to fix today.** The *online* "Whistle Clean" (whistlecleansa.com, Thumbtack) reads as an **exterior windows/power-wash/painting** business "since 2016," owner listed as **"Daniel Shores,"** phone **(210) 316-9454** — none of which match Dad's interior proposal (Leo, 20 yrs, Blanco Rd, 859-4422). **You need to ask Dad what's going on here before we consolidate listings.** (See 8D.)
5. **NavaX already shipped the hardest part.** The bilingual interior website is **live** (whistle-clean-navax-technologies-production.up.railway.app) with booking, pricing, and an email→Sheets→Calendar lead pipeline ready to wire. The foundation exists; now it's claims, pricing, recurring, and contracts.

8B — The Big Picture

Whistle Clean today is a 20-year, 5-star family cleaning business that runs entirely on word-of-mouth and Thumbtack — no real online identity of its own, one-off jobs only, prices well below market, and reputation scattered across a half-dozen mismatched listings. In 12 months it can be a **systematized cleaning company doing \$10–15K/month in predictable revenue**: a clean single brand that owns the Google map pack, online booking, card payments, a recurring-cleaning membership base, and **2–3 apartment-complex/property-manager contracts** that pay every month regardless of season. **The single biggest unlock is recurring revenue** — copying the model (90% repeat customers) that lets operators like Molly Maid run \$60K+/month. Everything else (pricing, Google, reviews, content) feeds that engine.

8C — This Week's Priority List (ranked)

#	Action	Who	Time	Impact
1	Ask Dad about the "Daniel Shores"/exterior listings — resolve the identity question	Mauricio→Jose	15 min	unblocks everything
2	Reprice to lower-market (Module 7A)	Jose	1 hr	+\$1,500–\$2,000/mo

#	Action	Who	Time	Impact
3	Claim + optimize Google Business Profile (category, photos, hours, booking link)	Fabrizio+NavaX	2 hrs	+\$1,000/mo
4	Launch Recurring Cleaning Plan (T1 \$129 / T2 \$239 / T3 \$429 / Commercial \$499)	Jose+NavaX	2 hrs	seeds entire MRR target
5	Set up Calendly + Square (booking + cards)	Fabrizio+Jose	2 hrs	+\$600–\$1,500/mo
6	Text every past client for a Google review (script 6A)	Fabrizio	1 hr	10+ reviews → ranking
7	Database reactivation blast (script 6B), 15% off this week	Jose+Fabrizio	1 hr	\$1,500–\$3,500 now
8	Point custom domain + wire Calendly/Apps Script on the live site	NavaX	2 hrs	live booking + lead capture
9	Build the 30 commercial/PM target list + start outreach (Module 4 + script 6C)	Fabrizio+NavaX	3 hrs	\$2–5K/mo pipeline
10	Consolidate duplicate listings (3 Yelp, 2 FB) to one clean NAP	NavaX	2 hrs	stops leak/confusion

8D — The "Call Dad This Morning" Brief

English (how you'd actually say it):

"Hey Dad — I've been working on the Whistle Clean stuff and I've got real good news. First, a question: when I look online, there's a bunch of 'Whistle Clean' listings — one says windows and power washing and painting, says 'since 2016,' and the owner's name shows up as 'Daniel.' Is that us, an old partner, or a different company? I need to know so I clean up the right ones. Here's the big thing: we're charging way under what everyone else in San Antonio charges — like 30% less — so just by raising prices a little we make more on every job starting this week, no extra work. And the real money is monthly plans and apartment-complex contracts — places like Embrey and Liberty turn over units constantly and need exactly what we do. I already built us a website and I'm setting up online booking and card payments. I just need you and Fabrizio to text your old customers this week — I wrote the messages, English and Spanish, you just hit send. We could book a few thousand dollars in jobs this week alone. You good with me running with this?"

Español:

"Oye Pa — he estado trabajando en lo de Whistle Clean y tengo buenas noticias. Primero, una pregunta: cuando busco en internet, hay varios 'Whistle Clean' — uno dice ventanas, lavado a presión y pintura, dice 'desde 2016', y aparece el nombre 'Daniel' como dueño. ¿Ese somos nosotros, un socio viejo, u otra compañía? Necesito saber para arreglar las correctas. Lo importante: estamos cobrando mucho menos que todos en San Antonio — como 30% menos — así que subiendo un poco los precios ganamos más en cada trabajo desde esta semana, sin trabajo extra. Y el verdadero dinero está en los planes mensuales y los contratos con complejos de apartamentos — lugares como Embrey y Liberty cambian inquilinos constantemente y necesitan justo lo que hacemos. Ya les hice una página web y

estoy poniendo reservas en línea y pagos con tarjeta. Solo necesito que tú y Fabrizio le manden mensaje a sus clientes viejos esta semana — yo escribí los mensajes, en inglés y español, solo le dan enviar. Podríamos agendar varios miles de dólares en trabajos esta misma semana. ¿Te late que siga con esto?"

8E — NavaX Case-Study Angle

- **Before/after story:** "A 20-year, 5-star San Antonio family cleaner running on word-of-mouth with no website, no booking, no recurring revenue, and prices 30% under market — to a systematized business with online booking, card payments, a recurring membership base, and property-manager contracts, targeting \$10–15K MRR in 12 months."
- **Metrics to track & highlight:** # Google reviews (before/after), GBP map-pack ranking, # recurring clients, MRR curve, # commercial contracts, avg job value (repricing lift), website bookings/leads/mo.
- **Timeline to promise other home-service clients:** Week 1 foundation (claims, pricing, recurring offer, reviews); Week 2 site+booking live; Month 1 first reactivation revenue + \$3–5K; Month 3 commercial contracts landing; **Month 6 ~\$10K/mo; Month 12 \$15K+.** Sell it as: *"We take you from invisible to a predictable-revenue machine in 90 days, \$10K+/mo within the year — here's the family business we did it for first."*

8F — Quick Reference Card (*screenshot this*)

Whistle Clean · Interior cleaning (apartment / office / laundry / move-out) · San Antonio 📞 (210) 859-4422 · Leo (210) 414-5688 · Fabrizio (210) 323-9752 · ✉️ whistleclean100@gmail.com 📍 19179 Blanco Rd Ste 105-482, SA TX 78258 · 🌐 whistle-clean-navax-technologies-production.up.railway.app

Top 5 bottlenecks: 1) Underpriced 20–40% 2) Google Business unclaimed 3) No recurring revenue 4) Fractured online identity 5) No online booking **Top 5 quick wins:** 1) Reprice (+\$1.5–2K/mo) 2) Claim GBP (+\$1K/mo) 3) Launch recurring plan 4) Auto review requests 5) Calendly + Square **Week 1:** ① Ask Dad re: "Daniel"/exterior listings ② Reprice ③ Claim GBP ④ Launch recurring plan ⑤ Calendly+Square ⑥ Review texts ⑦ Reactivation blast **Revenue targets:** M1 \$3–5K · M3 \$5–9K (faster w/ commercial) · M6 ~\$10K · M12 \$15K+ **Fix these platforms:** Google Business Profile (claim) · Yelp (merge 3→1) · Facebook (merge 2→1) · add TikTok/YouTube

Full detail: [Module 1 — Digital Audit](#) · [2 — Competitors/Pricing](#) · [3 — Bottlenecks](#) · [4 — Market](#) · [5 — 90-Day Plan](#) · [6 — Outreach Toolkit](#) · [7 — Financials](#)

Module 1 — Complete Digital Footprint Audit

Method: Live web search, June 9 2026. Bot-blocked platforms (Yelp, Angi, Google Business) are flagged "verify manually" — a logged-in 10-minute pass closes those.

1.0 — 🚨 The headline finding: a fractured identity

Before the scorecard, the most important discovery. Searching "Whistle Clean San Antonio" surfaces **at least five different name variants and conflicting business details**:

Signal	What's online	Conflicts with the interior business?
whistlecleansa.com	"Whistle Clean — Windows, Power Wash, Paint," since 2016	Yes — exterior, and "2016" vs the family's "20+ years"
Thumbtack (best-performing listing)	Owner " Daniel Shores ," painting/window/pressure/deck, phone (210) 316-9454	Yes — different owner name + phone; exterior services
Nextdoor	"Whistle Clean Power Washing, Patio & Lawn Solutions"	Yes — exterior
Yelp (×3 listings)	"Window Washing" category; one at old 18979 Redland Rd	Yes — exterior category, stale address
Your proposal (flyer)	Interior: apartment/office cleaning, Leo Romero , 20 yrs, 19179 Blanco Rd , 210-859-4422	This is the business we're building

What this means: either (a) the family's interior business has almost no distinct online presence and is being conflated with a separate exterior "Whistle Clean," or (b) the same operation has drifted across services/owners/numbers over the years and never cleaned up its listings. **Either way, the #1 foundational task is to establish ONE clean, consistent identity** (name, services, phone, address) for the interior business and either claim/correct or disavow the conflicting listings. Flag this to Jose/Fabrizio this morning (see Morning Briefing 8D).

Note: whistleclean.com is an **unrelated** Long Island, NY company — ignore it. @cleanasawhistlecleaning on Instagram is also a **different** company.

1.1 — Platform Audit Scorecard

Scores 1–10 (10 = fully optimized). Revenue-leak = estimated monthly business lost to that gap (methodology in 1.2).

#	Platform	Presence	Score	Followers/Reviews	Last activity	Top 3 missing	Monthly leak
1	Google Search	Yes (fragmented)	4/10	n/a	live	Consistent name; one canonical listing; interior-service framing	\$400
2	Google Business Profile	● Unverified / likely unclaimed	2/10	verify	unknown	Claim+verify; correct category (House/Apartment Cleaning); 20+ photos, hours, booking link	\$1,000+
3	Facebook (/cleaningsanantoniots)	Yes (2+ pages)	3/10	verify	verify	Merge duplicate pages; Book button; recent posts	\$300
4	Instagram	● Unconfirmed (~137 claimed)	1/10	unverified	unknown	A findable handle; before/after content; link in bio	\$300
5	Yelp	Yes (3 duplicate listings)	3/10	● verify	"updated 2026"	Merge to one listing; fix 18979 Redland Rd; interior category	\$300
6	Thumbtack	Yes (strongest asset)	7/10	4.9★ / 48 reviews / hired 50×	active	Mirror reviews to Google; interior-service listing; reduce fee reliance	margin drag
7	HomeAdvisor / Angi	Yes	5/10	Angi 5.0★ (count ●)	live	Consistent founding year (2015 vs 2016); review count; interior framing	\$200
8	TikTok	● None	0/10	—	—	Account; deep-clean/move-out transformation videos	\$300
9	YouTube	● None	0/10	—	—	Account; before/after proof videos	\$150
10	Nextdoor	Yes (thin)	3/10	4 faves	low	Business profile for interior cleaning; neighborhood intro posts	\$300

#	Platform	Presence	Score	Followers/Reviews	Last activity	Top 3 missing	Monthly leak
11	Google Maps	 Unverified	2/10	verify	unknown	Claimed pin; correct category; hours; photos	(rolled into #2)
12	Website	New NavaX site live	7/10	—	live	Custom domain; GA4; Calendly link; reviews embed	closing

Verified strengths: Thumbtack **4.9★ across 48 reviews, hired 50 times** — that's real, hard-won proof. Angi shows 5.0★. The reputation is genuine; it's just **trapped on lead-gen platforms and split across identities**.

1.2 — Revenue-leak methodology

Assumes a conservative **\$130 average interior job** (below SA market — see Module 2) and that captured demand converts at normal local-service rates.

- **GBP unclaimed/unoptimized → \$1,000+/mo.** The Google map pack is the highest-intent local channel ("house cleaning near me"). A claimed, photo-rich, review-fed profile typically drives 8–15 leads/mo for a local cleaner; missing it forfeits ~6–8 jobs/mo × \$130 ≈ \$800–\$1,000+.
- **Reviews siloed on Thumbtack → ranking + trust loss.** 48 Thumbtack reviews not mirrored to Google means Google sees a thin profile; competitors with 800+ Google reviews (Module 2) outrank you. Migrating even a fraction lifts map-pack rank.
- **Fragmented identity → \$400/mo.** Five name variants and conflicting phones split SEO authority and confuse callers; some simply give up or call a competitor.
- **No TikTok/YouTube → \$300–\$450/mo.** Cleaning transformations (deep cleans, move-out before/afters) are among the most viral home-service content; zero presence = zero organic top-of-funnel.

Total estimated digital-footprint leak: ~\$3,000–\$4,500/mo of demand the reputation already earns but doesn't capture (full leak across all bottlenecks, incl. model gaps, is in Module 3).

1.3 — Verify-this-morning checklist (logged in, ~15 min)

[JOSE/FABRIZIO ACTION] + [NAVAX]

- [] Is the Google Business Profile claimed? Under which name/category/phone?
- [] Which of the 3 Yelp + 2 Facebook listings are *ours*? Which are duplicates or a different "Whistle Clean"?
- [] Is "Daniel Shores" / (210) 316-9454 connected to the family business, a former partner, or an unrelated company?
- [] Does an Instagram account exist? What's the handle?

- [] Confirm the single canonical NAP to use everywhere: **Whistle Clean · (210) 859-4422 · 19179 Blanco Rd Suite 105-482, San Antonio TX 78258 · whistleclean100@gmail.com.**

Module 2 — Competitive Landscape & Pricing Intelligence

Live web research, June 2026. Revenue estimates use a review-velocity method (lifetime reviews ÷ months ÷ ~25% capture rate × avg ticket) and are labeled ESTIMATE.

Part A — Top 5 San Antonio competitors (interior cleaning)

1. Sparkly Maid San Antonio — review-velocity leader

- **Reviews: 929 @ 5.0★** (Birdeye). Site: sparklymaidsanantonio.com — modern, programmatic neighborhood landing pages, flat-rate-by-size, instant online booking.
- **Model:** flat-rate by home size; recurring plans; deep, post-construction, eco; 24-hr re-clean guarantee; Latina-owned.
- **Est. revenue:** ~38 reviews/mo → ~150 jobs/mo × ~\$170 ≈ **\$25K/mo** (ESTIMATE).
- **Better than us:** huge review moat, programmatic local SEO, instant booking. **We're better:** published transparent prices (they hide behind a quote), explicit property-manager/turnover focus, lower entry price.

2. Maids on a Mission — trust/brand leader

- **Reviews: 847 @ 4.9★**; "600+ five-star Google." ~10+ yrs, W-2 employees, veteran-/woman-owned, #1 SA "Cleaning for a Reason" partner (free cleans for cancer patients — strong PR).
- **Offer:** \$25 off code "SAVENOW"; satisfaction guarantee. Quote-based, no public prices.
- **Est. revenue:** ~24 reviews/mo → **\$20–30K/mo** (ESTIMATE).
- **Better than us:** decade of trust, W-2 consistency, charity hook, review base. **We're better:** transparent flat pricing; lower-friction entry products; leaner overhead.

3. White Glove Maid Service — longevity leader

- **Since 1983** (40+ yrs, "250,000+ cleanings"); A+ BBB. **Phone-first booking** (a weakness). Offers laundry & dry carpet cleaning.
- **Est. revenue:** **\$40–70K/mo** if still at scale (ESTIMATE).
- **Better than us:** unmatched credibility, 40-yr referral base. **We're better:** modern transparent pricing, online booking (they're phone-only), faster/cheaper entry.

4. MaidPro San Antonio — systemized franchise

- **Reviews: 266 @ 4.7★** (lower than locals). 49-Point Checklist™. Data point: \$96 for a 3-hr biweekly on 1,800 sq ft (~\$32/hr). Online estimate + franchise CRM.
- **Est. revenue:** **\$30–50K/mo** (franchise AUV norm, ESTIMATE).
- **Better than us:** systems, standardization, brand, booking tech. **We're better:** local ownership/personal touch, transparent flat pricing, lower price, PM/turnover specialization.

5. Vanguard Cleaning Systems (+ Anago, Corvus, System4) — commercial/office

- B2B janitorial franchises, custom per-sq-ft contracts, day-porter capacity. Reputation via contracts, not Google reviews.
- **Est. revenue: \$50K+/mo** at network level (ESTIMATE).
- **Better than us:** established B2B contracts, scale. **We're better:** we can win the **small offices, laundry rooms, and apartment-turn work that are too small for Vanguard/Anago to prioritize** — that underserved niche is our wedge.

Takeaway: every strong residential competitor **hides pricing behind a quote** — our transparent flat pricing is a real differentiator. The moat we lack is **review volume** (they have 800–900; our 48 are siloed on Thumbtack). And the **open lane** is small-commercial + apartment-complex turnover/laundry work.

Part B — National benchmark: Molly Maid (\$100K+/mo model)

The clearest documented blueprint for a recurring-heavy interior operator at scale.

- **Revenue model:** ~90% of 1.7M annual cleanings are repeat customers — overwhelmingly recurring (weekly/biweekly/monthly). Recurring is the entire engine of stability.
- **Unit economics:** AUV **\$759K–\$855K/yr (~\$63–71K/mo)**; top units >\$100K/mo; ~16% owner net.
- **Tech stack:** CLEO scheduling/dispatch; CRM with capacity planning + automated reminders; standardized checklists/SOPs.
- **Team model: executive ownership** — owner runs teams, doesn't clean; W-2 two-person crews; territories of 45K–70K households.
- **Top 3 channels:** local SEO + branded booking site; recurring-customer retention & referrals (the 90% repeat base); paid local advertising.

What Whistle Clean copies directly: 1. **Make recurring the core offer** (we're 100% one-off today). 90% recurring is provably achievable. 2. **Adopt a real booking/CRM tool** — not CLEO; the affordable equivalents: **ZenMaid (~\$49/mo)** or **Launch27 (~\$75/mo)** [COST: \$49–75/mo] [NAVAX] — online booking, recurring billing, auto-reminders, crew dispatch. 3. **Publish a standardized checklist** (Molly's consistency edge / MaidPro's 49-point list) so non-owner cleaners deliver uniform quality. 4. **Build the recurring-billing + auto-reminder retention loop** — highest-leverage single move.

Part C — San Antonio pricing intelligence → you are underpriced 20–40%

Market rates (San Antonio, 2025–26)

Service	SA market rate
Standard clean, ~500 sq ft (apt)	\$143
Standard clean, 1,500 sq ft	\$182
Deep clean, ~500 sq ft	\$287
Deep clean, 2,000–2,500 sq ft	\$300–\$547

Service	SA market rate
Move-out, ~500 sq ft / 1-BR	\$120–\$250 (avg ~\$143–\$178)
Recurring ladder (1,500 sq ft)	monthly \$153 → biweekly \$130 → weekly \$119
Office / janitorial	\$0.10–\$0.25/sq ft ; ~\$390 avg per visit
Per-cleaner hour	~\$35/hr

(Sources: Lupe's House Cleaning SA, HomeYou, HomeAdvisor, ISSA, Janitorial Leads Pro — links in research notes.)

Whistle Clean vs. market

Whistle service	Whistle price	Market comp	Gap
Efficiency apt	\$95	~\$143	~33% under
1×1	\$115	\$143–\$182	~20–37% under
2×2	\$125	\$182+	~30%+ under
3×2	\$135	\$182–\$221	~26–39% under
Touch-up	\$60	min-visit ~\$120	deeply under
Heavy/deep add-on	+\$40	deep premium +\$100–\$260	severely under (biggest leak)
Move-out	(billed at flat apt rate)	+30–70% over standard	likely 40–60% under

Verdict: ~20–40% below market on standard cleans; the +\$40 deep-clean add-on is 60–85% below the \$100–\$260 premium the market commands; move-outs are likely billed too low.

Recommended repricing (to lower-market — still undercuts everyone) [JOSE/FABRIZIO ACTION]

- Efficiency \$95 → **\$120–\$130** · 1×1 \$115 → **\$145** · 2×2 \$125 → **\$165** · 3×2 \$135 → **\$185**
- Heavy/deep add-on \$40 → **\$80–\$120** (≈ doubles margin on the hardest job)
- Touch-up: keep \$60 as a foot-in-the-door **but require a 2-visit minimum or convert to recurring** (a one-off \$60 visit barely clears drive time + labor at SA's \$35/cleaner-hr floor)
- **Add a separate move-out tier** (market is +30–70% over standard for the same size) — currently the biggest silent leak
- **Add a recurring discount ladder** (weekly 15% / biweekly 10% / monthly 5% off) to build the Molly-Maid recurring engine while protecting per-job price

These increases raise revenue per job ~25–40% with **zero new leads** — the fastest dollar in the whole plan. Full economics in Module 7.

Module 3 — Bottleneck Analysis & Revenue-Leak Calculator

Built on Modules 1–2. Each bottleneck: monthly revenue lost (with method), effort, cost, owner, priority. Avg interior job assumed **\$130** (conservative, below market).

3.1 — Full bottleneck table (ranked by priority)

#	Bottleneck	Monthly \$ lost (method)	Effort	Cost	Owner	Priority
1	Underpriced 20–40% (Module 2)	\$1,500+ — ~30% on ~40 jobs/mo × \$130	Easy	\$0	Jose	1
2	GBP unclaimed/unoptimized	\$1,000+ — ~7 map-pack jobs/mo × \$130	Easy	\$0	Fabrizio+NavaX	2
3	No recurring/subscription model	\$2,000+ future MRR — 100% one-off = feast/famine	Easy–Med	\$0	Jose+NavaX	3
4	Fractured identity / NAP chaos (5 name variants, 3 Yelp, wrong owner/phone)	\$400 lost/confused leads	Easy–Med	\$0	NavaX	4
5	No online booking	\$600–\$1,500 — after-hours/impulse leads lost	Easy	\$0 (Calendly)	Fabrizio	5
6	Reviews siloed on Thumbtack (48 not on Google)	\$500 ranking/trust	Easy	\$0	Fabrizio+NavaX	6
7	Cash/Zelle/check only — no cards	\$300 lost clients + slow cash	Easy	\$0–low	Jose	7
8	No commercial / property-manager contracts	\$2,000–\$5,000 predictable revenue	Hard	\$0	Fabrizio+NavaX	8
9	No review-generation system	\$400 — reviews exist but no engine	Easy	\$0	Fabrizio+NavaX	9
10	Dead/duplicate social	\$400 referral + trust	Med	\$0	Fabrizio	10
11	No bilingual marketing (ignoring ~57% Hispanic SA)	\$800–\$2,000	Easy	\$0	NavaX	11
12	No before/after content (no TikTok/YouTube/IG)	\$300–\$450 organic top-of-funnel	Med	\$0	Fabrizio	12
13	No CRM — leads fall through cracks	\$500 un-followed-up leads	Med	\$49/mo	NavaX	13
14	Lead-platform dependency (Thumbtack fees)	15–30% margin on those jobs	Med	—	Jose+NavaX	14

#	Bottleneck	Monthly \$ lost (method)	Effort	Cost	Owner	Priority
15	No referral program (20-yr relationships unmonetized)	\$300–\$600	Easy	low	NavaX+Fabrizio	15
16	No Google Local Services / Ads	\$1,000+ active-searcher demand	Med	\$300–500/mo	NavaX	16
17	No email list / owned audience	\$300 repeat/follow-up	Med	\$0–low	NavaX	17
18	No upsell system (one-service clients never hear of others)	\$400	Easy	\$0	Jose+Fabrizio	18
19	Solo/family capacity ceiling	revenue capped at owner-hours	Hard	—	Jose	19
20	No documented SOPs / no subcontractor bench	business-continuity risk; can't scale	Med–Hard	\$0	Jose+NavaX	20

(Also real but folded above: no seasonal campaigns, no Google Q&A/Posts.)

3.2 — 🏆 Quick Wins (Easy + high impact — do first, ~2 weeks, <\$100)

1. **Reprice to lower-market** (Module 2). *+\$1,500/mo, \$0, 1 day.* — the single fastest dollar.
2. **Claim & optimize Google Business Profile** (correct category "House/Apartment Cleaning," 20+ photos, hours, booking link). *+\$1,000/mo, \$0.*
3. **Launch the Recurring Cleaning Plan** (Module 7 tiers). *Seeds the entire MRR target.*
4. **Turn on automated review requests** + mirror Thumbtack proof to Google. *+\$400–\$900/mo.*
5. **Add online booking (Calendly, free) + card payments (Square/Stripe).** *+\$600–\$1,500/mo.*

3.3 — 🚀 Big Moves (Hard but transformational)

1. **Win 3–5 property-manager / apartment-complex turnover contracts** — recurring, high-volume, counter-seasonal. *+\$2,000–\$5,000/mo.* (Module 4 targets, Module 6 scripts.)
2. **Install the recurring model + CRM end-to-end** (ZenMaid/Launch27 + recurring billing + auto-reminders) — converts a job business into a sellable, predictable one (the Molly Maid blueprint).
3. **Resolve the identity problem and build one clean brand** — consolidate listings, fix NAP, own the "Whistle Clean San Antonio — interior cleaning" identity so all reputation compounds in one place.

3.4 — Total estimated monthly leakage

Summing the capture + model gaps (avoiding double-counting overlapping items): **roughly \$8,000–\$12,000/mo** of value the business could capture but doesn't today — split about evenly between **"earning demand it doesn't capture"** (pricing, GBP, booking, reviews, identity) and **"selling jobs instead of relationships"** (recurring plans, commercial contracts, CRM). The 90-day plan (Module 5) sequences these so the free/easy wins fund the bigger moves.

Module 4 — San Antonio Market Opportunity

Live research, June 2026. Hard numbers carry sources; derived figures labeled ESTIMATE.

Part A — Market size & demand

- **Metro:** ~1.24M city population; ~\$121B economy; Texas' 3rd-largest metro. (*Dallas Fed*)
- **Homeownership: 52.2%** (2024) — far below the 65.2% national rate. → **~48% of San Antonio households RENT.** This is the single most important fact in this report: the renter base is the engine of **move-out / turnover cleaning** demand. (*Census / CultureMap*)
- **Median home value:** ~\$235,700. **Median build year ~1984** → ~half the housing stock is 40+ years old (older homes = more deep-clean and move-out resale-prep demand). (*Data USA, Point2Homes*)
- **Housing units (city):** ~524K baseline (dated); true 2026 count materially higher. ESTIMATE 600K–650K. (*Census*)
- **Seasonality (residential):** peaks **spring (Apr–May)** and **Nov–Dec (holiday)**; off-season can idle 30–40% of capacity.

Part B — The real goldmine: renters, turnover & recurring commercial

Apartments / multifamily: – **14,515 new multifamily units delivered in 2024** (+31% YoY); ~8,000 more in 2025. Each new unit needs first-occupancy/post-construction cleaning. (*MMG, Matthews*) – **San Antonio has the HIGHEST apartment vacancy of the top-50 US markets — ~15.7% (Q1 2026).** High vacancy + record supply = **constant unit turnover = sustained make-ready/turn-clean demand.** (*CultureMap, Yardi*) – ESTIMATE: with ~48% renters and high churn, the metro generates **well over 100,000 lease turns/year** — each a potential turn-clean.

Move-out / turnover seasonality: peaks **May–September** (school-calendar lease cycles; rents peak Jun–Jul) **plus an end-of-every-month spike.** Complementary to residential's spring/holiday peaks — a blended book keeps crews busy year-round. Add **military PCS cycles** (Randolph/Lackland/Fort Sam) for steady move-in/out volume.

Top 10 property-management / apartment operators — bulk recurring-contract targets:

#	Company	Footprint	Note
1	Greystar	400+ TX properties	Target on-site community managers, not corporate
2	Embrey Partners (SA HQ)	~11,000 units	Warm — local decision-makers
3	LYND / The Lynd Company (SA HQ)	~11,000-unit portfolio, 11 states	Warm — SA HQ
4	Lincoln Property Co. (SA office)	National multifamily	
5	Roscoe Properties (SA office)	Apartments + student housing	

#	Company	Footprint	Note
6	SYLIS Property Mgmt (SA)	9 SA communities, 3,000+ units	Warm — local
7	Liberty Management (SA)	10,000+ units, 35 yrs	Warm — local
8	HomeRiver Group	40,000+ rentals nationally	
9	Evernest	15,000+ properties, 33 markets	
10	RentWerx (SA)	1,800+ properties, SF-turn heavy	Warm — turn-focused

Plus smaller local: *Hendricks Property Management, Peace of Mind Property Management*. **Outreach priority:** SA-headquartered owner-operators (Embrey, LYND, SYLIS, Liberty, Roscoe, RentWerx) — local decisions, and a 20-year SA family brand resonates.

Commercial interior (recurring office cleaning): – ~61.9M sq ft of office space in San Antonio. (*CommercialCafe*) – ~20.5M sq ft medical office (~103 medical offices for lease) — frequent, compliance-grade cleaning = a premium recurring niche. (*Matthews*) – ESTIMATE: even 1% share at ~\$0.10–\$0.20/sq ft/month janitorial rates = a multi-million-dollar recurring pool. The contractual nature is what stabilizes revenue vs. episodic residential.

Part C — Target zip codes / neighborhoods

Zip / area	Neighborhood	Avg home value	Apt density	Demand	Best channel
78229/78240/78249	Medical Center / UTSA corridor (NW)	mixed, rental-heavy	Very High	High	PM B2B + student/medical-staff housing + medical-office cold outreach
78258/78260	Stone Oak (N central)	~\$521–537K	Med–High	High	Nextdoor + door-direct + HOA newsletters + gated-community referrals
78154	Schertz (NE, Randolph corridor)	~\$403K (+16% YoY)	Med	High	Military PCS partnerships + property managers
78253	Alamo Ranch (NW)	~\$310–345K	High	High	Realtor + new-home builder referrals + Google Local
78023	Helotes (NW)	affluent	Low–Med	Med–High	Nextdoor + local FB groups + referral
78006	Boerne (NW)	~\$328K	Low	Med	Referral + premium positioning
(NE belt)	Converse / Live Oak / Universal City	mid suburban	Med	Med–High	Military PCS + PMs + Google Local

Prioritization: 1. **Medical Center / UTSA corridor** — highest turnover density; pair apartment turn-clean contracts with medical-office recurring contracts in the same geography. 2. **Stone Oak** — premium recurring residential at top dollar; brand/referral play. 3. **Schertz / Converse / Live Oak / Universal City** —

military PCS = year-round, predictable move-out/in (counter-seasonal cushion). 4. **Alamo Ranch** — ride the growth wave via builder + realtor pipelines.

Bilingual edge: ~57% of San Antonio is Hispanic/Latino. The live site is already EN/ES; the outreach toolkit (Module 6) is fully bilingual. This is a structural advantage most competitors ignore.

Module 5 — 90-Day Scaling Plan

Targets: Month 1 → \$3–5K MRR · Month 2 → \$6–8K · Month 3 → **\$10–15K MRR**. Legend: [JOSE/FABRIZIO ACTION] [NAVAX] [COST] . ("MRR" here = total monthly revenue incl. one-off + recurring; recurring is the durable core.)

WEEK 1 — Foundation Sprint

Day 1–2 · Identity + digital claims [NAVAX] + [JOSE/FABRIZIO ACTION] – **Resolve the identity problem first** (Module 1): confirm which listings are ours; lock ONE canonical NAP — *Whistle Clean · (210) 859-4422 · 19179 Blanco Rd Suite 105-482, SA TX 78258 · whistleclean100@gmail.com*. – Claim & fully optimize **Google Business Profile**: category **House/Apartment Cleaning Service**, 20+ photos, services, hours (Mon–Sat 7a–6p), description w/ keywords, booking link. – Update every platform profile to the canonical NAP; merge/close duplicate Yelp + Facebook listings. – Create **Calendly** (free): "Free Estimate — Whistle Clean," 30 min, Mon–Sat 8a–5p, 4-hr min notice. Embed on the website + all profiles. *Impact: +\$600–\$1,500/mo.*

Day 3–4 · Review blitz [JOSE/FABRIZIO ACTION] – List every past client Jose/Fabrizio/Leo can remember. – Send the bilingual review-request text (Module 6A). **Mirror the 48 Thumbtack reviews' momentum onto Google**. – Goal: **10+ new Google reviews in 2 weeks; 25+ by end of Month 1**. *Impact: ranking + trust → +\$400–\$900/mo.*

Day 5–7 · Reprice + recurring offer + card payments [JOSE/FABRIZIO ACTION] + [NAVAX] – **Reprice to lower-market** (Module 2 / Module 7). *Fastest dollar: +\$1,500/mo, zero new leads*. – Launch the **Whistle Clean Recurring Cleaning Plan** (full offer copy in Module 6D / pricing in Module 7): – **Tier 1 — Monthly Refresh**: 1 visit/mo · **\$129/mo** – **Tier 2 — Biweekly**: 2 visits/mo · **\$239/mo** – **Tier 3 — Weekly**: 4 visits/mo · **\$429/mo** – **Commercial / Property-Manager**: custom, **min \$499/mo** – Set up **Square or Stripe** for card payments + card-on-file (enables recurring auto-billing). [COST: ~2.9% + 30¢/txn]

WEEK 2 — Website + Booking Live [NAVAX]

- The NavaX site is **already live** at `whistle-clean-navax-technologies-production.up.railway.app` (apartment/office cleaning, EN/ES, online booking, pricing, gallery, contact form → email/Sheets/Calendar).
- This week: point a **custom domain** (`whistlecleaningsa.com`) at it [COST: ~\$12/yr] ; set the real **Calendly** link (`VITE_CALENDLY_URL`); wire the **Apps Script** lead pipeline (env vars); add **GA4 + Search Console**; add the URL to every profile.

WEEK 3 — Database Reactivation [JOSE/FABRIZIO ACTION]

- Text every past client the bilingual reactivation SMS (Module 6B): *"Book this week — save 15% on any cleaning. Limited spots."* Follow-up call 48h later if no reply (script in 6B).
- Goal: **5–10 bookings**. *Expected: \$1,500–\$3,500 in immediate jobs.*

WEEK 4 — Commercial / Property-Manager Outreach Blitz [FABRIZIO]

ACTION] + [NAVAX]

- Work the named target list (Module 4 Part B): start with SA-HQ operators **Embrey, LYND, SYLIS, Liberty, Roscoe, RentWerx**, plus on-site community managers of Greystar/Lincoln properties in the Medical Center/UTSA corridor.
- Use the cold call + text + email scripts (Module 6C). Offer: **free first turn-clean / demo** for new commercial/PM accounts.
- Goal: **2–3 commercial estimate appointments booked**.

WEEKS 5–8 — Content Engine + Lead Flow [NAVAX] + [FABRIZIO ACTION]

- **Social**: 3 posts/week IG + FB — 12 post ideas w/ EN+ES captions in Module 6 (before/after deep cleans, move-out transformations, testimonials, team).
- **Google Local Services Ads**: [COST: \$300–\$500/mo] target "house cleaning San Antonio," "move out cleaning San Antonio," "apartment cleaning San Antonio," "office cleaning San Antonio." Step-by-step setup by NavaX.
- **TikTok/YouTube**: start posting satisfying deep-clean / move-out before-afters (zero presence today = pure upside).
- **Nextdoor** business profile + neighborhood intro post (Module 6G) in the target zip.
- **Referral program** live: "Refer a neighbor, earn \$25 credit" (card copy in Module 6E).
- **First 1099 subcontractor**: job post + 1099 terms + pay (45% of job revenue) — Module 5 appendix / Module 7 capacity math.

WEEKS 9–12 — Systems + Scale [NAVAX] + [JOSE/FABRIZIO ACTION]

- **Recurring push** — goal: **10+ recurring clients signed** (in-person pitch after every job, Module 6D).
- **Property-manager contracts** — close **1–2** of the Week-4 pipeline into recurring turn-clean agreements.
- **Confirm repricing stuck**; publish the new price sheet.
- **Document top 5 SOPs** (apartment full-clean, move-out/turnover, office clean, client communication, quality check) — enables delegation + protects the business if Jose is out.
- **Weekly digest**: Jose/Fabrizio get an automated weekly SMS/email summary of leads, bookings, revenue (the Apps Script can feed this).

Appendix — First subcontractor (Week 5+)

- **Job post**: "Experienced house/apartment cleaner — San Antonio. 1099, flexible, paid per job (45% of job revenue). Reliable, detail-oriented, own transportation. Bilingual a plus. Text (210) 859-4422."
- **1099 terms**: independent contractor; paid 45% of collected job revenue per completed/approved job; Whistle Clean provides supplies + scheduling + QA checklist; contractor provides transport; W-9 on file.
- **Capacity math** in Module 7C (when a sub becomes necessary).

Module 6 — Client Outreach Toolkit (ready to send)

Every piece complete, EN + ES, interior-cleaning. Replace [Name], [link], [date] as noted.

6A — Google Review Request

SMS — English (155 chars):

Hi [Name], it's Leo with Whistle Clean! Hope your place still looks great. Quick favor — a 1-tap Google review helps us a ton: [link]. Thank you!

SMS — Español (158 chars):

¡Hola [Name], soy Leo de Whistle Clean! Espero que su hogar siga impecable. Un favor: una reseña en Google nos ayuda muchísimo: [link]. ¡Gracias!

Longer (email/WhatsApp) — English:

Hi [Name], thank you again for trusting Whistle Clean with your space. We're a family business and reviews are how more San Antonio families find us. If we earned it, would you leave a quick Google review? It takes 30 seconds: [link]. Means the world — thank you! — Leo & the Whistle Clean team

Longer — Español:

Hola [Name], gracias de nuevo por confiar en Whistle Clean. Somos un negocio familiar y las reseñas son la forma en que más familias de San Antonio nos encuentran. Si se lo ganamos, ¿nos dejaría una reseña rápida en Google? Toma 30 segundos: [link]. ¡Significa muchísimo, gracias! — Leo y el equipo de Whistle Clean

6B — Database Reactivation

SMS — English (150 chars):

[Name], it's Whistle Clean. Book a cleaning this week & save 15% on any service. Limited spots! Reply BOOK or call (210) 859-4422. ¡Se habla español!

SMS — Español (156 chars):

[Name], somos Whistle Clean. Reserve una limpieza esta semana y ahorre 15% en cualquier servicio. ¡Cupos limitados! Responda BOOK o llame (210) 859-4422.

Follow-up call script (EN + ES):

Open (EN): "Hi [Name], this is Leo with Whistle Clean — we cleaned for you back in [month/year]. How've you been? I'm calling because we're running a 15% off week for past clients and I wanted you to have first pick of the schedule." **Offer:** "We do apartment and home cleaning, deep cleans, and move-out cleans. What would help most right now — a refresh, a deep clean, or something else?" **Close:** "Great — I've got [day] morning or [day] afternoon open this week. Which works better?" **Objection — 'too expensive':** "Totally understand. The 15% is exactly to make it easy this week, and we can start with just the rooms that matter most to fit your budget." **Objection — 'not now':** "No problem — can I text you the booking link so it's there when you're ready? And we have a monthly plan that locks in a lower rate if you ever want regular cleaning." **(ES open):** "Hola [Name], soy Leo de Whistle Clean — limpiamos para usted en [mes/año]. ¿Cómo ha estado? Le llamo porque tenemos una semana con 15% de descuento para clientes anteriores y quería que usted eligiera primero."

6C — Commercial / Property-Manager Cold Outreach

Cold call — opening 30 sec (property manager / community manager):

"Hi, this is Leo with Whistle Clean — we're a San Antonio family company with 20 years and a 5-star record doing apartment turn-cleaning, common-area, and office cleaning. I know turns and make-readies are constant for you, so I'll keep it short: we'll do your **next unit turn-clean free** so you can judge the work with zero risk. Could I grab 10 minutes this week to walk a unit with you?"

Cold text follow-up (English):

Hi [Name] — Leo w/ Whistle Clean (SA, 20 yrs, 5★). Offering a FREE first turn-clean for [Property] to earn your business. Here's our work: [link]. Open to a quick walk-through this week?

Cold email — subject + body:

Subject: Free first turn-clean for [Property] — Whistle Clean (SA, 20 yrs)

Hi [Name], I'm Leo with Whistle Clean, a San Antonio family business with 20 years and a perfect 5-star record. We specialize in **apartment turn/make-ready cleaning, common-area and laundry-room cleaning, and office cleaning** — exactly the recurring work property managers need handled reliably. To make this easy: we'll clean your **next vacated unit free**, so you can judge our work with no risk and no commitment. If you like it (you will), we'll set up simple per-turn or monthly pricing. Reply here or text/call me at (210) 859-4422 and I'll walk a unit with you this week. Thank you, Leo — Whistle Clean · whistleclean100@gmail.com · whistlecleaningsa.com

6D — Monthly Maintenance Plan Pitch

In-person, end of every job (under 60 sec) — English:

"Before I go — your place looks great, and the easiest way to keep it like this is our monthly plan. Most clients do biweekly: we just show up on schedule, you don't lift a finger, and members get a locked-in lower rate plus first pick of the calendar. Want me to set you up? First recurring visit, I'll take 10% off."

— Español:

"Antes de irme — su hogar quedó precioso, y la forma más fácil de mantenerlo así es nuestro plan mensual. La mayoría elige cada dos semanas: llegamos en su horario, usted no hace nada, y los miembros tienen un precio más bajo fijo y prioridad en el calendario. ¿Lo inscribo? En su primera visita recurrente le doy 10% de descuento."

Text pitch to past clients — English:

[Name], it's Leo w/ Whistle Clean. We just launched monthly & biweekly plans — set-it-and-forget-it cleaning at a locked-in lower rate. Want the details? Reply YES.

— Español:

[Name], soy Leo de Whistle Clean. Lanzamos planes mensuales y quincenales — limpieza automática a un precio más bajo fijo. ¿Le mando los detalles? Responda Sí.

6E — Referral Program

Announcement text — English:

[Name], thanks for being a Whistle Clean client! New: refer a neighbor and you BOTH get \$25 off your next cleaning. Just have them mention your name. 🌸

— Español:

[Name], ¡gracias por ser cliente de Whistle Clean! Nuevo: recomiende a un vecino y AMBOS reciben \$25 de descuento en su próxima limpieza. Solo que mencionen su nombre. 🌸

Referral card (front):

WHISTLE CLEAN — We Will Leave It Clean As A Whistle. *Refer a neighbor — you BOTH get \$25 off.*
Apartment · Home · Office · Move-Out Cleaning · San Antonio

Referral card (back):

Referred by: ____ New client: call/text **(210) 859-4422** or book at **whistlecleaningsa.com** Mention this card for **\$25 off** your first cleaning. Se habla español. ★ ★ ★ ★ ★ · Licensed & Insured · 20+ Years

6F — Property-Manager / HOA Outreach Letter (one page)

Whistle Clean — Professional Apartment, Office & Move-Out Cleaning (210) 859-4422 ·
whistleclean100@gmail.com · 19179 Blanco Rd Ste 105-482, San Antonio TX 78258

Dear [Property / Board Name], Whistle Clean is a San Antonio family business with 20+ years and a perfect 5-star record. We help property managers and communities keep units and common areas spotless without the hassle of chasing unreliable cleaners. **What we do for properties like yours:** apartment turn/make-ready cleaning, common-area & hallway cleaning, laundry-room deep cleaning, and office cleaning — on a schedule you set, billed simply per-turn or monthly. **Our offer:** your **first turn-clean is free**. Judge the work risk-free; if you're happy, we'll set up a simple recurring agreement. We're licensed, insured, bilingual (English/Spanish), and reliable — your residents and owners will notice the difference. May I walk a unit or your common areas with you this week? Call/text **(210) 859-4422**. Respectfully, Leo Romero — Whistle Clean (*Versión en español disponible a solicitud — Se habla español.*)

6G — Nextdoor Neighborhood Introduction

English:

👋 Hi neighbors! We're **Whistle Clean**, a San Antonio family business that's been cleaning homes here for over 20 years. We do apartment & home cleaning, deep cleans, and move-out cleans — reliable, insured, and 5-star rated. We'd love to help your home shine. New neighbors get **\$25 off** the first cleaning — just mention Nextdoor. Call/text (210) 859-4422 or book at whistlecleaningsa.com. Se habla español! 💜 ✨

Español:

👋 ¡Hola vecinos! Somos **Whistle Clean**, un negocio familiar de San Antonio que ha limpiado hogares aquí por más de 20 años. Hacemos limpieza de apartamentos y casas, limpieza profunda y limpieza de mudanza — confiables, asegurados y con 5 estrellas. Nuevos vecinos reciben **\$25 de descuento** en la primera limpieza — solo mencionen Nextdoor. Llame/texto (210) 859-4422 o reserve en whistlecleaningsa.com. 💜 ✨

6H — 12 Social Post Ideas (alternating EN/ES)

1. (EN) Before/after deep clean of a kitchen — "Same kitchen. 3 hours. Whistle Clean difference."
2. (ES) Antes/después de una mudanza — "Depósito recuperado. 💜"
3. (EN) Meet the family — 20 years story.
4. (ES) Reseña de cliente destacada (5★).
5. (EN) Move-out checklist carousel — "Getting your deposit back."
6. (ES) Tip: cómo mantener su apartamento entre limpiezas.
7. (EN) Bathroom transformation reel.
8. (ES) Plan mensual explainer — "Configúrelo y olvídense."
9. (EN) Office cleaning time-lapse.
10. (ES) Antes/después de cuarto de lavado.
11. (EN) "\$25 referral" announcement graphic.
12. (ES) "Se habla español — limpieza profesional en San Antonio."

Module 7 — Financial Projections & Pricing Strategy

All figures show methodology. Market rates from Module 2 (SA, 2025–26).

7A — Current vs. optimized pricing

Service	Current	Recommended	% increase	Justification
Efficiency apartment	\$95	\$125	+32%	SA standard ~\$143 (500 sq ft); still undercuts market
1×1 apartment	\$115	\$145	+26%	Market \$143–\$182
2×2 apartment	\$125	\$165	+32%	Market \$182+
3×2 apartment	\$135	\$185	+37%	Market \$182–\$221
Touch-up	\$60	\$60 (2-visit min or recurring-only)	0%	A one-off \$60 visit barely clears drive+labor at \$35/cleaner-hr; keep as foot-in-the-door
Heavy / Deep cleaning (add-on)	+\$40	+\$100	+150%	SA deep premium is +\$100–\$260; this is the single most underpriced line
Move-out / turnover (NEW tier)	— (billed as flat apt)	\$185 (1BR) – \$350 (3BR)	new	Market move-out runs +30–70% over standard; currently the biggest silent leak
Office / laundry room	custom	\$0.12–\$0.20/sq ft (min \$499/mo recurring)	—	SA janitorial \$0.10–\$0.25/sq ft; price to market

Net effect: ~25–40% more revenue per job with **zero new leads**. On ~40 jobs/mo that's **~\$1,500–\$2,000/mo** found immediately. [JOSE/FABRIZIO ACTION]

7B — Recurring plan economics

Tiers (from Module 5): T1 Monthly **\$129** · T2 Biweekly **\$239** · T3 Weekly **\$429** · Commercial/PM min **\$499**.

Scenario	Monthly recurring revenue
10 clients @ T1 (\$129)	\$1,290
10 clients @ T2 (\$239)	\$2,390
10 clients @ T3 (\$429)	\$4,290
3 commercial @ \$499	\$1,497
Best-case mix (30 recurring): 15×T1 + 10×T2 + 5×T3	1,935 + 2,390 + 2,145 = \$6,470
...plus 3 commercial @ \$499	≈ \$7,970/mo recurring

Time commitment at 30 recurring clients: ~55 recurring visits/mo (15 monthly + 20 biweekly + 20 weekly) × ~2.5 hrs ≈ **~140 hrs/mo** — essentially one full-time person, before any one-off jobs. → **A subcontractor becomes necessary at ~20 recurring clients** (recurring visits + one-offs exceed ~150 hrs/mo).

7C — One-off job revenue model

- **Average job value (post-repricing):** ~\$160 (blended apt sizes + deep add-ons).
- **Capacity (jobs/week):** solo/family ~15 → ~25 with 1 subcontractor → ~38–40 with 2.
- **Revenue ceiling, one-off only:** ~15 jobs/wk × \$160 × 4.3 ≈ **\$10,300/mo** — but feast-or-famine, capped at owner-hours.
- **With the recurring model:** a stable recurring base (7B) + one-off on top → higher *and* predictable. This is the entire point of the Molly Maid blueprint (90% recurring).

7D — 12-month revenue projection (Target scenario)

Assumptions: Month 1 = 0 recurring + 15 one-off jobs. Recurring clients added ~7/mo (blend of "5 conservative / 10 target"). One-off jobs ramp 15 → 25 (M6) → 40 (M12). Avg recurring revenue/client ≈ **\$215/mo**; avg one-off ≈ **\$160**. Subcontractor added Month 3; Google LSA Month 2.

Month	Recurring clients	Recurring rev	One-off jobs	One-off rev	Total monthly	Cumulative
1	0	\$0	15	\$2,400	\$2,400	\$2,400
2	5	\$1,075	17	\$2,720	\$3,795	\$6,195
3	11	\$2,365	19	\$3,040	\$5,405	\$11,600
4	18	\$3,870	21	\$3,360	\$7,230	\$18,830
5	25	\$5,375	23	\$3,680	\$9,055	\$27,885
6	32	\$6,880	25	\$4,000	\$10,880	\$38,765
7	38	\$8,170	27	\$4,320	\$12,490	\$51,255
8	44	\$9,460	30	\$4,800	\$14,260	\$65,515
9	50	\$10,750	33	\$5,280	\$16,030	\$81,545
10	56	\$12,040	35	\$5,600	\$17,640	\$99,185
11	62	\$13,330	38	\$6,080	\$19,410	\$118,595
12	68	\$14,620	40	\$6,400	\$21,020	\$139,615

Reading it honestly: – The plan **crosses \$10K/mo around Month 6** and **\$15K around Month 8** on the residential-recurring path — slightly slower than the source prompt's "\$10–15K by Month 3," which from a standing start is a stretch. – **The accelerator to hit the target faster is commercial / property-manager contracts.** A single apartment-complex turn contract can be **\$1,500–\$3,000/mo**; landing **2–3 of them** (Module 4 targets, Module 6C scripts) can pull the \$10–15K milestone forward by months — which is why Week 4 prioritizes commercial outreach. If 2 PM contracts close by Month 3, Month-3 total jumps from

~\$5.4K to ~\$9–11K. – **Pricing is the zero-risk lever:** the repricing in 7A adds ~\$1,500–\$2,000/mo immediately with no new clients and improves every number in this table.

Bottom line: \$10–15K MRR within 12 months is **very achievable**; the residential-recurring engine alone gets there by ~Month 8, and commercial contracts are the lever to hit it sooner.
